BLOOD ORANGE CRUSH

Malfy Con Arancia (from R370) is a zesty variant of gin that's bursting with botanical flavour. We love the bright pop of colour from the Sicilian blood orange peels, which are steeped in alcohol and pressed in a basket press.

This infusion is then blended with Italian juniper, grapefruit peel, Amalfi Coast lemon peel, coriander, cassia bark, orris root and angelica root before distillation. Malfy Con Arancia has a bitter-sweet citrus flavour, with subtle juniper and a complex finish – ideal for cocktails. Available at Makro, Norman Goodfellows, Pick n Pay and other selected outlets.
